Dear Dr. Suriani Abu Bakar,

RE : INVITATION TO BE A PANELIST FOR THE L'OREAL-UNESCO FOR WOMEN IN SCIENCE FORUM CALL FOR APPLICATIONS

The L'Oréal-UNESCO For Women in Science was first awarded in 2006 to recognize and promote the works and contributions of women scientists in Malaysia, in partnership with one of the world's greatest international institution, UNESCO.

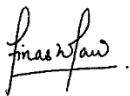

The award celebrates the achievements of distinguished women scientists in Malaysia by awarding them its prestigious L'Oréal-UNESCO Fellowship for Women in Science (FWIS) with grants annually to help fund their projects. Since its inception, over RM1,000,000 in grant has been awarded to more than 40 women scientists in recognition of their achievement in science.

Together with Young Scientists Network-Academy of Sciences Malaysia, we will be conducting a virtual forum to garner all women scientists in Malaysia to submit their applications to be awarded the L'Oreal -UNESCO For Women In Science for year 2022. For this, we would like to cordially invite you to be one of the panelist for the virtual sharing session on Monday, 16th May 2022 at 11.00am-12.30pm.

Your partnership will be most valuable in demonstrating the support to women in pursuit of researches and careers in science and we sincerely hope we will garner many applications with this joint effort.

We hope to receive a favorable reply from you at a soonest possible date. Thank you and we look forward to working together with you once again.

Warm regards,

FINASWANI ZIN

Corporate Affairs & Engagement Director
